Paul Lailey with Michele Wilkinson co-hosting.

Course details:

The online world is evolving quickly. Trying to keep up with changes can seem overwhelming but we don't need to be experts in every new advance to keep our organisations safer. This webinar will equip you with the principles you need to safeguard your staff, volunteers and participants online. We will consider the four areas of: content, contact, conduct and commerce. In each area we will raise awareness of potential risks, think through how to reduce them and recognise your organisation's responsibilities.

Module 1: Content

- Harmful content
- Reducing risk
- Our responsibilities

Module 2: Contact

- Forms of online contact
- Accountability and transparency
- Our responsibilities

Module 3: Conduct

- Harmful conduct
- Risks to vulnerable groups, staff and volunteers, our organisation
- Our responsibilities

Module 4: Commerce

- Online financial risks
- Reducing risk
- Our responsibilities
