YOUR OPINION MATTERS

At the assembly in Dundee we will be asking churches to help us shape a day for children and youth leaders to come together. This could be a day to share best practice, to network and make connections with leaders in other congregational churches across the country. Next month we'll be asking you, the readers of InForm to contribute, so please have a think about what the possibilities are for an event for Children and Youth leaders.

PRAYER NETWORK

Prayers are made available weekly for our children and young people. The prayers are already being used by a number of churches in their prayer meetings, and in wider networks. Perhaps your church would like to receive these weekly prayers. To join the network, just send us an email with your name and church.

International Congregational Fellowship 2020

The International Congregational Fellowship usually holds their conference every four years. The United States, however, has agreed to host the conference a year early in 2020, due to the importance of the year. 2020 is the 400th year anniversary of the sailing of the Mayflower, which carried the pilgrims who founded the Congregational faith. Congregational Federation has put aside some funding to enable a number of young people to attend this significant event, and we will be promoting this further in the coming months.
